VOLUME 10, No. 6

DECEMBER, 1966.

(Number printed of this issue... 650)

The end of 1966 has come with sadness to many of our members in the country and to those of the Benelux countries with the untimely death of JOS. SUY of Antwerp, Belgium. A very keen and dedicated Scout and the head of a charming family whose hospitality has been enjoyed by so very many of our members, JOE had many friends in the U.K. that knew him through his work in Belgium with the International War Graves Commission. This Spring several of us were in Antwerp for an international meeting of Benelux and S.S.C.C. members, and I recall JOE's great delight at the spirit of international fellowship that had been fostered.

To his wife PAULA, daughter and son-in-law RIA and JAN go our sincere sympathies in their great loss, which is shared by his many friends in all parts of the world.

I am sorry to report that continued ill-health has reluctantly caused CHARLES SEATON to give up the Sales Bureau from the end of December. CHARLIE has handled this aspect of the Club's services for many years and made many new friends and contacts throughout the world. Whilst regretting this retirement, we all wish him well in the future and that his friends of many years will continue to write and give him news of their various activities.

ROY RHODES has been having a rough time of things in hospital but he is now on the mend and will be taking a full part in the activities of the Club and the Scouting life of Walthamstow!

Yes, I know the Journal is late again, but we are all fallible creatures, as older members will remember!

FROM THE EDITORIAL IN-TRAY

My grateful thanks to...

...JOHNNY L. BURNS (Member 864) for writing and sending me some covers and seals from the 4th Nippon Jamboree. No Vietnam Scout or Scouter attended this Jamboree and he was the only American service man from that area to make the trip. As he had previously spent three years in Japan and had attended the 3rd Nippon Jamboree in 1962 he was able to renew Scout friendships. He also sent me a ticket from a movie show sponsored by the Scouts of Vietnam at Quin Nhon for their camping funds and which is stamped with a Scout handstamp. Quite an unusual piece of Scout material from a war stricken country.

...MISS MARY LAMBE (Member 774) for telling me that the Australian branch of the S. S. C. C. will be commemorating the 110th Anniversary of B. P. 's birth and the 60th anniversary of Scouting by holding a stamp display on 25th February next and have planned to have special cacheted covers posted at the Baden Powell sub-post office - an office on the site of the Frankston Jamboree - on the 22nd of that month. The display itself will feature Australian Scout material and it is hoped young members will be persuaded to provide items. It has also been officially stated that a special handstamp will be used at the Guide Camp next May which will be opened by Lady Baden Powell.

...HENRIK WIRZENIUS (Member 423) for his letter in which he mentioned he was preparing a list of official postal Scout cancellations that have been used in Finland. With the lists of such marks from Denmark, Norway and Sweden already published, this list from Finland will provide members with a very complete picture of Scout postal history material from the countries in that area. Congratulations to the following members of the S. S. C. C. in gaining awards at NORDIA, 1966, the largest Stamp Exhibition held in Finland this year at Helsinki, from June 11th to 15th. These awards were for Scout collections in the thematic section of the Exhibition:-

HARALD THOURSIE, Sweden,)	Silver Medal
REINERT RÖDLAND, Norway,)	

ANITA FLAIER, Denmark, Diploma, Junior Class, equivalent to a Silver Medal.

SALUTE TO J. SUY

A good friend of the Club had died. Josef Suy of Belgium who has greatly helped in the build up of our membership in that country died on November, 15th, 1966.

Many members will know of Jos. as the result of having met him or through correspondence, and all will have appreciated the care and concern which he devoted to his work for the club, and for the collecting of Scout stamps.

I had the pleasure and privilege of being the guest of Mr. and Mrs. Suy during the time of S...Boum, and it is undoubtedly true that much of the success of the philatelic exhibit lay was due to Joe Suy's indefatigable work.

He was still a young man. Born in 1919, he had seen fighting during the second World War along side the British Forces, and had even picked up some of their language. The unexpected service word which he occasionally introduced into his conversation was completely typical of the man, and added a touch of endearment. All who knew him will mourn his passing and our condolences go to Mrs. Paula Suy, and their daughter Ria. I have already heard from Mrs. Suy and her son-in-law Jan Mewis that they will be carrying on with Joe's collection and the distribution services which he undertook in Belgium. I was not able to attend the funeral, but sent a cable on behalf of the Club, expressing our great sympathy.

It is the service of conscientious servants such as Jos. Suy which have helped in the growth and standing of this Club. We will remember him.

...H. L. F.

1ST B. C. - YUKON PROVINCIAL JAMBOREE, PENTICTON

(BY WILF NODDER)

From BILL TURNEY, member 458, who was the postmaster at this Jamboree, I have received some details about the postal arrangements and the camp itself which was held at Penticton from 9th to 16th July, 1966.

It was attended by about 2,500 Scouts and 250 Scout leaders with nearly 200 army service personnel and other interested people helping to make it the success it was.

The post office operated from the Administration H. Q. tent (Army) and although not an officially registered one, it was authorised to accept and deliver all mail by way of the Penticton post office, three miles east of the Ponderosa Camp site. BILL, with the able help of a part time assistant and Akela Leader was responsible for the receipt and delivery of all mail from and to the sub-camps Cosmos, Terra, Nautilus and Icarus.

About 500 covers were handstamped "FIRST DAY" in green prior to the opening day and on delivery at the Penticton post office, the special slogan cancellation "B. C. CENTENNIAL BOY SCOUT ADVENTURE JAMBOREE" was applied.

The covers had been printed by the B. C. Provincial H. Q. s and were available two months prior to the Jamboree. Approximately 1,100 covers out of a total of 3,500 were 'First Day' - members who belong to the P. L. D. will by now have received one such cover.

BILL understands that one day early in August this year, about 500 of the same covers were mailed, each bearing the same slogan cancellation as that used at the Jamboree. These covers, he believes, are available from the B. C. H. Q.'s, 1755, Capilano Road, North Vancouver, B. C. He also mentioned that there are few S. S. C. C. members in his area, but that he hoped to promote some interest by displaying copies of the Journal in the City library and in H. Q. s.

(Thanks, BILL, for sending in this information which I am sure members will find of use. Ed.)

NEWS OF NEW STAMPS AND CANCELSKUWAIT

The Ministry of Posts announced that an issue of two stamps would be made on December 21st to commemorate the 30th Anniversary of Scouting in Kuwait. Two denominations - 4 fils and 20 fils - with an extremely small printing of 100,000 in sheets of 50.

DENMARK

K. F. U. K. Camp at BORUP-SJAELLAND July 19th 28th.

Rover Expedition to Greenland - Summer.

It is hoped that cancels will be allowed for each of these two events according to news from Denmark.

AUSTRALIA

The Australian Corroborea to be held Woodhouse, a mile north of Stirling East, will be held from December 28th to January 7th and some 5,000 Scouts are expected. The special postmark will feature the Scout emblem and the "Woodhouse" homestead.

NEW ZEALAND

The 11th Dominion Sea Scout Regatta will be held at Waihola from December 29th to January 6th 1967 and there will again be a special Post Office and Special cancel. This will be the Dominion's first fresh-water regatta, the lake being situated some 25 miles south of Dunedin.

PAKISTAN

The 4th National Jamboree will be held in Karachi from January 28th to February 5th and the Pakistan authorities will be issuing a special stamp for the occasion.

MALAYA

1st Malaysian Jamboree. December 9th to 19th, 1966.

U. S. A.

A great booming 60th Anniversary year ahead with the 12th World Jamboree at Farragut, Idaho, from August 1st to 9th (the exact dates of the Brownsea Island camp in 1907) and the 21st World Scout Conference at Seattle from August 12th to 17th.

THE PRESIDENT'S NOTEBOOK

As it is clear that this issue cannot now reach members until after Christmas, I must content myself by saying that I do most sincerely hope that you will all have had a very happy time in every way - while for 1967, may it indeed be a brighter and more prosperous one for all of us, and for the World.

Now to some more specific Notes:-

ANNUAL GENERAL MEETING 1967 - and first an IMPORTANT CHANGE ... the date is altered from the 11th to the 4th March. This was made necessary by the fact that Roland House was unable to accept a final booking until the date of their Annual Reunion could be fixed, which turned out as they anticipated to be the day we originally chose. Of course, if you do turn up on the 11th I am sure Roland House will be very pleased to see you at their own Big Do - but please make sure you give our one priority by booking the new date NOW. One of the main ideas behind having our meeting earlier in the year this time is that it should conflict less with Scout and other functions and activities, so I do hope a record number of you will be able to be there.

There will again be displays on view, both of the rare and mouth-watering kind and of the more easily afforded but still equally interesting items we can all hope to acquire if we try. Then there will be plenty of mint stamps particularly attractively mounted, which may well give us all some ideas for our own collections, and we hope to include also some of the latest material of all kinds. In addition (and this too is important), we are hoping that all of you will bring along your items connected with the 1947 and 1951 French and Austrian World Jamborees. Yes - all your covers, cards, etc., not just something you may know is rare - so that we may have a good get-together on these events and probably all learn something (and maybe see some things we never knew existed). We had a very successful session

on the 1937 Dutch Jamboree a few years ago and I am sure this can be equally so if we all co-operate. And if all this isn't enough, we are promised to see some colour slides of Mafeking - though I imagine not quite contemporary with you-know-what!

Once again, so that no-one gets lost, the Underground station at Stepney Green is quite close (turn right, cross over, turn down a small alley called hayfield Passage to the left and you will find the House about 150 yards down on the left again), while for the vehiculated plutocrats (Cor!), go down the road called Stepney Green, a turning to the south off the A.12 Mile End Road, and you will find the House on the left behind some gardens. So there - I've given it to you on a plate, so there's no excuse for letting me down!

SOUTHERN REGIONAL MEETING. Any members who can be in Croydon on Saturday afternoon the 4th February should certainly make a point of booking the date of this Regional Meeting, the fifth annual one arranged by our Treasurer and Regional Representative Mr. A.H. Nicholson. It will be held at 49 Friends Road (an extremely apt address) by the kindness of our member Mrs. M.E. Kennett - whose warm hospitality would make the meeting very worthwhile even without the stamps and the others you will meet. Invitations are sent out direct to all members thought likely to be able to come, but any others who can attend will be very welcome and should get in touch with Mr. Nicholson as soon as possible - his address and telephone number are shown inside the cover of this Journal.

THE ROBBERS STRIKE AGAIN! I am told that QATAR, one of the oil states of the Persian Gulf, should properly be pronounced "Gutter" which events recently seem to suggest may not be without some significance. All these countries have recently changed their currencies (they used to use Indian) and so of course need new stamps ... so Qatar has overprinted her recent issues - including the Scout one of 1965, the set perf. and imperf., pies of course, the miniature sheets ditto. But wait - the worst is yet to be told! ... it seems almost the entire issue was taken up by one American dealer, who now offers them at something over £8 a set, trade price. Fortunately, words fail me - but will they (and we?) ever learn? The "Robber Coast" indeed, though I am glad to say that, by contrast, the issue from Kuwait of two stamps to mark thirty years of Scouting there seems likely to be done quite regularly and properly, so perhaps there's hope even for Gutter!

Going back a couple of Journals to the August issue, I have been given details of a further Scout Cancellation from Italy. My old friends Harald Thoursie and Jos Suy sent me details of the San Candido cancel of 1952 for the 1 Campo Nazionale Rover which was held in August of that year. Both state that they have never seen the cancel, have you?

Jos also gives me details of some other supplementary cancels from Italy as follows- 1962 CARRARA 6th April with additional Circular cancel "ASCI Scouting Nautico Sez. Salvamento a Nuoto" The cachet on the cover shows a Lifebuoy, anchor and Scout Badge and reads "ASCI Scouting Sezione salvamento a Nuoto XVIIe Congresso Nazionale Federazione Italiana Nuoto". 1964 CAPRERA 30th July with additional cancel showing an anchor and Scout Badge and reading "Caprera 1964 Campo nautico Formaziano". The cachet is of the same design as the supplementary cancel and reads "Campo ASCI di Specializzazione Nautica Caprera July - August 1964". 1964 Villetta-Barrera L'Aquila 8th August. The rectangular cancel reads "ASCI Esploratori D'Italia 3e Campo Nazionale Rover 9, -16 Augusto 1964. Parco Nazionale D'Abruzzo" The cachet reads the same as the cancel and shows a bear in the mountains.

If any member has any further information about these cancels or any spare copies, I should be very pleased to hear from him.

Harald Thoursie and Dr. Meinhard Moser (of Austria) also answer my query in the October Journal about the Swedish cancel "ENKÖPING UTSTÄLLNINGEN". This is not a Scout cancel, but was in use in the City of Enköping during May for their City Exhibition, the Word Utställningen meaning exhibition.

NEW ISSUES

The African Republics of Dahomey and Gabon issued their Scout stamps on the 17th October.

Dahomey's issue consists of the following denominations:-

- 5 Fr (yellow-ochre, brown & red) Scouts signalling
- 10 Fr (green, red & black) Totem pole
- 30 Fr (orange, violet & red-brown) Scouts and camp-fire
- 50 Fr (blue, green & brown) Bridge-building

Each stamp also depicts 3 different Scout badges as does the First day covers, one cover bearing the 5 and 30 Fr. stamps, and the other cover the 10 and 50 Fr. values. The stamps were designed by Claude Haley and printed by the Paris State Printing Office.

A miniature sheet was issued containing all 4 values. The first day cancellation from the Philatelic bureau is circular, single line type and reads "Premier Jour Cotonou" around the edge with "Scoutisme" 17 October 1966 in the centre.

Gabon's issue is of 2 stamps both in the same colours (brown, blue-grey and red.) 30 fr showing Scouts at a camp-fire, and 50 fr depicting an Investiture. A F.D.C. was issued for each stamp, the design being the same as that of the stamp. The stamps were designed by D Errey and presumably printed in Paris. The first day cancel is similar to that for Dahomey but giving the Capital City of Libreville.

As I was able to obtain my stamps and covers direct from the Philatelic Bureaux of the countries concerned. I was fortunate enough to obtain a Registered F.D.C. of the 50 fr value from Dahomey, also the pair from Gabon on a Registered cover a few days after the first day.

We have now had Scout, stamps issued by four of the ex-French Colonial Possessions in Africa in the last year or so. Central African Republic in September 1965 and Upper Volta in June, all for no apparent reason. There have also been issues for the Pioneers of Mali, and the Tchad Youth movement. Perhaps we are in for a glut of Youth commemoratives (including Scouts) from these countries. What can we expect from the Ivory Coast, Cameroons, Congo Republic, Mauritania, Senegal?

A funny thing happened in QATAR, in May 1965 they issued a set of Scout stamps which more-or-less coincided with their membership of the World Scout Bureau. Within a few days, these stamps were sold out by the Philatelic bureau. Miniature sheets had been rationed and imperf. stamps were not issued (although they somehow turned up in October). Now an announcement has been received that Qatar is to change her currency from naye paise and Rupees to dirhams and riyals and all Qatar stamps are to be re-issued overprinted with the new currency. This overprinting will include all Scout stamps, perf. and imperf. plus miniature sheets and including many other Qatar commemorative issues which had all been in short supply.

JAPAN has issued two delightful cancels in 1966. The first for the 4th Nippon jamboree from 5-9 August at Okayama. The cancel shows a Scout saluting in front of some tints and mountains. The cancel was issued in a number of different cities and these can be distinguished by the differing Japanese.

characters at the bottom of the cancels. There were also two self-adhesive labels issued for this camp, both printed on silver-foil paper.

The second cancel was issued for the 19th World Conference of Girl Guides & Girl Scouts held at Shiba from 28th September to 8th October.

The cancel shows the Girl Guide trefoil surrounded by Japanese characters. The Official covers give the names of the Countries where all previous World Conferences have been held. Incidentally only on the last two occasions were there special cancels for the Conferences - Denmark in 1963 and Greece in 1960.

Another cover which has come my way from Japan in 1966 was issued for the Woodbadge Reunion with John Thurman, Camp Chief of Gilwell February 27-8th 1966. The cover shown 2 Scouts saluting and shaking hands and is signed by John himself.

Labels from Libya

Special labels were issued in Libya in 1962 to publicize the Third Philia for Boy Scouts of the Mediterranean area. These labels show a deer leaping over the word Libya in Arabic characters also in Roman lettering, a Scout badge appears above with the Words 'Third Philia' in Arabic and English. These labels were printed twice because those issued before the camp are darker blue in the centre and the border is of a deeper purple. Another difference appears in the lettering at the bottom of the labels.

On the occasion of the Promise Camp which was held in 1964, a label was issued, and this is the same design as the 20m. stamp for the same event.

A recent label which I have on a Cover from libyan Scout H. Q. and dated 1966 shows a Scout on horseback and carrying the flag of the Arab Jamboree recently held in Libya.

MEMBERS ADVERT

The "Post Brownie Cottage Fund" has been started to raise money to provide a country holiday centre for handicapped Brownies and the fund is well into the four-figure range. At the Annual Bazaar I run a stall which sells, amongst other things, packets of stamps, and would appeal to Club members who have stamps that are surplus to their needs to send some along to me - any stamps, on or off paper; any quantity; any country - in fact, anything!

WILLIAM G. BARNES, 67 RUSKIN WALK, HERNE HILL, LONDON, S. E. 24.

The Philatelic Congress of Great Britain

Melville Memorial Sub-Committee

A "Must" for Junior Collectors

With a larger number of new Societies now joining Congress, the opportunity for Juniors to enter the forthcoming Melville Memorial Competition is greater than ever.

The competition is open to all junior collectors under the age of 21, provided their entry is submitted through a Society affiliated to the Philatelic Congress of Great Britain by February 1st, 1967. Competitors unable to enter through a local society may send their entry through the British Philatelic Association, 446 Strand, London, W.C.2.

There are four a&- groups: Class A, for those from 17 to under 21; Class B, 15 to under 17; Class C, 12 to under 15; Class D, under 12 years. Ages are reckoned as on May 1st, 1967.

Rules governing the competition, also a booklet entitled "From the Judge's Angle", which is a brief guide for intending competitors, are available free on application from the Hon. Secretary; Mrs. D.M. Green, Flat 5, 31 Cliff Drive Canford Cliffs, Poole, Dorset, on receipt of a stamped addressed envelope.

Don't forget the sooner you apply, the more time you will have to prepare your exhibit.

THE 6TH SWISS NATIONAL SCOUT JAMBOREEby Fredy Scherb and Reg MorrisThe Camp

The 6th Swiss National Scout Jamboree was held at Domleschg, in the Rhine Valley near Chur from July 27th until August 3rd. The camp was spread over an area of 76.5 square kilometres; from Tamins in the north to Thusis in the south with the village of Bonaduz being the centre of activity.

Approximately 15,000 Scouts were in camp. 2,000 were Service Scouts/Scouters, 12,000 were Swiss Scouts and there were small contingents from Greece, Great Britain, Israel, Germany and Austria. The U.K. contingent numbered about 20 but the clamour they made when the World Football Cup results were announced did the U.K. proud!

Although the camp had a general headquarters in Bonaduz the organization and detailed administration was planned on a sub-camp basis, primarily because of the desire to give each troop a spacious site of its own and because of the physical separation of the camps in the north and south. (Almost 12 miles!)

Accordingly the camp was split into twelve sub-camps plus a reception camp on the Bonaduz-Ems road.

A camp newspaper was produced daily. Entitled "Capricorn" it cost 20 cents a copy and enjoyed a circulation of 10,000.

The camp also had its own train, a garishly painted affair which chugged 5 times daily from Domat/Ems to Thusis and back, carrying ordinary unsuspecting, fare-paying passengers, camp mail (5,000 parcels daily), newspapers and, of course, Scouts - lots of them - for they were allowed to travel free if in uniform!

One Scouter was responsible for the organization of the camp mail and postal services together with 2 assistants with specific responsibilities for the two services. All three had special official handstamps which were similar to the sub-camp post office handstamps described later. In addition to these three officials there was a post-master and post office in each of the 12 sub-camps.

The post-master of the No. 4 sub-camp was none other than club member Walter Grob Sigrist!

Each sub-camp post office conducted normal postal business including telegram and telephone services, the sale of stamps, sorting and distribution of letters and parcels and receipt of letters.

At the entrance of each post office there were two receptacles for letters. One was an ordinary yellow P.T.T. letterbox and letters deposited therein received the camp handstamp. The other was a P.T.T. sack and letters deposited therein were passed through the Chur cancelling machine. Chur was indeed the postal centre to which camp mail was delivered and from which it was collected. It is interesting to note that not only did Scouters and Service Scouts man the post offices but Scouts also delivered the mail within the camp including registered items.

Each sub-camp postmaster had an official handstamp which was applied to his official mail and to campers' mail if so requested by the camper. But it was used for two other purposes, (i) it was applied to balloon cards as an indication of receipt of payment of the surcharge for the pilot's signature (only those cards handed in on the Saturday morning at the landing site do not have such cachets), (see later).

(ii) it was applied to collective railway tickets bought by campers from the sub-camp and was recognised by the Swiss Railway officials as the stamp of an authentic issuing authority. These handstamps thus had official railway recognition if not official P.T.T. recognition.

In addition to the 12 sub-camp offices, the P.T.T. installed a mobile post office at the main reception area near the Bonaduz sub-camp.

Postmarks, Cachets, Labels and Stationery

1. Slogan cancel

From the beginning of June until August 3rd, a transposed special slogan cancel was used on most mail emanating from Chur.

The boxed slogan (see fig.1) shows a stylised head of a "steinbock" or "ibex" with the date of the camp at the top and the inscription "6th Swiss Scout National Camp, 1966, Domleschg". The circumscription of the datestamp reads 7000 Chur 1 ***.

2. The official camp handstamp (fig. 2)

Only one type of handstamp was used throughout the camp, a fixed date slug 27.7-3.8.66. Thus there is no method of telling on which day a letter was sent from the camp. Furthermore the mobile post office did not follow the usual practice of applying the familiar mobile P.O. cancel to the stamp with the camp postmark alongside. They dispensed with the moveable date mobile P.O. cancellation and used only the camp cancel.

This camp handstamp was used only in the mobile office and at Chur. 9 dies were made, 4 were used at the Mobile P.O. and 5 at Chur 1. One of those used at Chur 1 shows a noticeable short 'U' in "Bonaduz".

3. The official camp cachets

As stated earlier, there were twelve sub-camp post offices each of which had a cachet, used for both official and unofficial identification purposes.

The general format of 11 of them is as shown in fig. 3. The last line obviously differs according to the sub-camp and reads as follows:-

- | | | |
|--------------|-------------------------|--------------------|
| 1. Tamins | 5. Tschavir | 9. Paspels |
| 2. Reichenau | 6. Tulau | 10. Rodels |
| 3. Bregl | 7. Rhäzüns | 11. Cazis-Fürstenu |
| 4. Bonaduz | 8. Rothenbrunnen-Tomils | 12. Sils |

Sub-camp No. 12, Sils, also used a different type of cachet as shown in fig. 4.

The three officials responsible for the camp post and rail services also used cachets similar to type 3 but the second line in these cases reads Ressort Bahn U. Post and the third lines:-

- | | | |
|---------------------|---|------------|
| 1. Ressortchef |) | |
| 2. Unterressortchef |) | See fig. 5 |
| 3. " " |) | Post |

In addition to these, a cachet was applied to official camp mail emanating from the reception camp (Empfangslager) at Domat/Ems as is shown in fig. 6.

All the above cancels and cachets are invariably found struck in black or bluish-black.

4. Registered Mail

The Schweiz Automobil-Postbureau 2 registered labels are as shown in fig. 7. The lettering is in black with the exception of the R which is red.

On the opening day, the first registered label to be used was No. 757. By the morning of the 30th (Saturday) i.e. 4 days later, the 1000 label had been used (actually a 000 label with a manuscript 1 prefix) and a new series, starting with 001 commenced. The last registered item was No. 220 on August 3rd. It follows that less than 500 items were registered in the camp and there is no way of telling which day the item was registered from examination of covers for the fig. 2 cancel has a fixed date.

A second type of Registration label, used at Chur is shown in fig. 13.

5. Labels

Altogether 4 labels were available in the camp. The first three were officially authorized. Printed and distributed by the Zurich stamp dealer Neuphiladienst, they cost 1 Swiss franc a piece (about 1/8d. each) with an unknown percentage of the takings being donated to the Scout organization. They are of the same size (7cm. x 4½cm., imperf, horizontal, format) and design but in different colours and languages.

Red = Italian Yellow = German Green = French

Fig. 8 gives a rough idea of the design.

In view of the cost of these labels we doubt if many were sold.

The fourth label (fig.9) is even more elusive, known as the "Pfadiblock", it is 65 x 57 mm, imperforate, vertical format, and red in colour with white lettering. In the rectangle is a copy of the 5c Scout stamp of the 1963 publicity set. In the preparation of these labels the ordinary gum on the stamps was removed and a special glue used which makes it impossible to remove the stamp from the label. 500 of these labels were prepared but 50 were damaged in preparation. 50 of the remainder were reserved for exhibitors in the stamp exhibition, camp officials and dignitaries and the remaining 400 were sold in sub-camp 4 at 1 Fr. apiece and limited to 1 per camper.

6. Private cachets

Two private cachets were in use at the camp. Member-dealer Hans Amsler had a small stall tucked away behind the stamp exhibition and applied to most of his material a cachet in blue advertising the stamp exhibition, see fig. 10; the other, prepared by Fredy Scherb is shown in fig. 11.

7. Camp Stationery(a) Envelopes:

Four different types of envelopes are to be found:

- (i) The official first day cover is 160 x 114 mm and was printed and distributed by Newphiladienst. It is edged in green and has the Swiss Scout fleur de lys in the top left corner with a four line caption "6th National Swiss Scout Camp" beneath. The dealer was not authorized to use the Camp motif on the covers. The Ibex symbol was reserved for the official administration mail i.e.
- (ii) Foolscap autofix envelopes (225 x 115 mm) and large orthodox white envelopes (225 x 160 mm). The Ibex and a 5 line caption in green appears in the bottom left corner of the former whilst a 6th line .. "Postfach 8047 Zurich" is added to the latter.
- (iii) A 160 x 114 mm private dealer's cover in black depicting a full Ibex in the top left corner with the camp text.
- (iv) A 160 x 114 mm private dealer's cover in brown with a camp scene and the camp text.

(b) Postcards:

Six different types of camp postcards exist:

- (i) The official card showing the stylised Ibex in green on a grey background with the caption in the local romanish dialect "6 Champ federal dals battasendas svizzers illa Tungias-cha". Supplies of this card were exhausted by the 29th.
- (ii) An exact replica of the Donald Brun Swiss Scout label (Scout salute in yellow superimposed on the red and white Scout flag all on a grey background) with the marginal inscriptions omitted.
- (iii) 4 black woodcuts by Werner Hofmann:-
 1. Scouts playing accordion and guitar
 2. Overladen Scouts en route for camp
 3. Scouts in tent (about 11 of them in a two-man bivouac)
 4. Scouts in front of large cauldron crammed with
goodies

- (iv) 8 Different camp scenes. Black and white matt finish.
- (v) 2 Camp scenes. Black and white glossy.
- (vi) Balloon Card. On the morning of Saturday 30th July history was made with the first ever Scout balloon post flight.

Sponsored by well-wishers of the Movement the balloonist Edgar Albrecht of Zurich brought favourable Press and Television publicity to the camp by lofting in his brilliantly coloured balloon "HB-BOE" (some 45 feet in diameter) from the H.Q. camp area. In addition to the pilot, one passenger, and a small quantity of special camp balloon cards were carried. The card cost 2 Swiss francs or 4 Swiss francs with the pilots signature. Those cards purchased in the sub camps also bear the sub camp cachet to indicate that the additional 2 Swiss francs had been paid and the card needed a signature. Those cards purchased at the launch point on the Saturday morning prior to the launch do not show such a sub camp cachet. The balloon flew over the Alps to Germany and landed in a village near Dachau and Munich. The mail was then transported to the Swiss frontier where it was cancelled at Buchs. (Fig. 15). In addition on each of the cards appears a rubber cachet, indicating the landing point - fig. 14 and a red cachet (see fig. 12). On close examination of the cards it can be seen that this red cachet was actually printed on the card before the addition of the other black print and is not therefore a cachet in the accepted sense of the word. The obverse of the card shows a black line sketch of a balloon in flight over pine-wooded mountains with a circum-scription "6th national Scout camp" written in French, German, Italian and Romanish.

FROM THE SECRETARY-GENERAL - By Howard L. Fears

I'm not sure I expected to be so tied for space, but never mind. On the home front we have now added to the fears (pardon FEARS) by a baby daughter, JULIA, born on December 31st. Any queries about her stamp collecting habits or any other habits will be disregarded!

Starting soon I hope to maintain in the Journal a list of countries etc. from which P.L.D. and mint stamps will be distributed. The Club Catalogue is now completely SOLD OUT. A reprinting may be authorised during 1967.

Have you noted the date, time and place for the A.G.M? Also any further Committee nomination should be sent to me AT ONCE.

LIECHTENSTEIN - A "NEW" SCOUT STAMPBY STANLEY K. HUNTER

In 1932, the Principality of Liechtenstein issued a set of three Child Welfare stamps. The 10 rappen value depicts a girl symbolising Youth, paying tribute to the Princely Crown and Arms of Liechtenstein. The 20 r. depicts H.S.H. Princess Elsa, flanked by two young girls in National Costume while the 30 r. shows H.S.H. Prince Franz I, flanked by two boys.

This last stamp has always been classed as a "Scout" issue, while the 20 r. has been wrongly attributed occasionally as "Guide". As Guiding did not start in the Principality until 1938, I have always agreed with the rejection of this item in a Scout collection.

On perusing the catalogue of the 2nd Meschede (Germany) Scout Show, for the Scout Stamp Bibliography, I glanced at a photograph that had appeared in "Die Jugend", the Liechtenstein Scout and Guide Magazine. One can often get a smile at the expense of the pioneer members of the Movement in these early photographs.

The photo shows the Scouts of Liechtenstein, and is dated 30th August, 1932. The boys are smartly dressed - for it was a very important day for Scouting in the Principality. In the presence of the aged Prince, the Boy Scouts were presented with Colours by Princess Elsa in the courtyard of the Castle at Vaduz.

At the rear of the photo, stand the Princely couple - in the costumes shown on the Welfare stamps. The new Flags are shown, and although the bearer of one is obscured by the crowd, another is seen to be wearing a flag sash - as in the 30 r.

In the centre of the crowd of lads are two little girls in the National Costume - yes - as in the 20 r. stamp. The likenesses are quite definite. I am convinced that the two girls who participated in the Flag Ceremony are the two girls shown on the stamps.

The Ceremony took place in August. I feel that there would be time for the Viennese artist H.C. Kosel to examine this photograph or a similar one, and select this as the theme for the set issued on December 22nd. (This set, incidentally, was the only one that depicts the Princely couple in local costume.)

My claim is that the entire set - the only Child Welfare stamps issued in Liechtenstein - was inspired by the Flag Ceremony of August 30th, held by the Boy Scouts.

A TON TIMES TEN

by

HOWARD L. FEARS

Nearly ten years ago and the Club came into existence. Now it seems that with the latest steady stream of new members there is every probability that member number 1,000 will be enrolled by the end of 1966 or, certainly, by the time our first anniversary occurs in 1967. This is a magnificent achievement and has only been thought about by the unceasing efforts of the bands of willing helpers.

However, it is not regarding this aspect of the 1,000th enrolment (to come), that I am writing, but rather to emphasise the fact that the club still manages to retain and maintain its friendly and intimate atmosphere. Naturally there have been losses in membership during the course of the club's existence, and these have involved, especially, junior members, resignations through lack of interest, deaths, and all the other dozen and one things which cause people to change their spheres of concern. But there are still very many who have been with us all the way, and as the numbers grow so we can have every confidence in looking forward to the second thousand. When one has 50 members enrolled it seems that to reach 100 will inevitably make things difficult. After a hundred one becomes a little frightened of 200 and at 500 it seems as if the limit must have been reached. But still we grow, and the need for a Club of our sort is proved by the steady increase in membership. To all members whether of long service or short, a Hearty 1,000th greeting.

SCOTTISH CLUB MEETING

An informal get-together was held in Edinburgh on October 8th, at the Roxburghe Hotel, Charlotte Square. As guest of honour, the Club Membership Secretary, "Bim" Knight, was specially welcome.

Members were introduced to Paisley philatelist, Dr. Jimmy Caldwell, who exhibited a few items from his collection - proofs of the Penny Black, and Mulready envelopes - items presented by Sir Rowland Hill to Wallace of Kelly (the M.P. that made Hill's Penny Post scheme acceptable).

by the Assistant Editor

The new issue from Dahomey is now in plentiful supply and the four stamps were issued on October 4th. In addition the four stamps were issued se-tenant in a perforated souvenir sheet.

Without any warning a set of 'Education' stamps were issued in Haiti and two of them had a Scout flavour! The remaining four vals. are an integral part of the set, reminding us of the Nicaragua 'Baseball' set and the pre-war set from Turkey. However, there was a specially designed F.D.C. which was serviced with the Scout stamps only, and the special cancel 'Premier jour - Education' and dated October 18th.

Also from Haiti this year has been the 50th Anniversary cancellation from Port-au-Prince on August 12th.

Japan issued a special cancel for the 19th International Conference of Girl Scouts and Girl Guides, September 28th to October 8th.

The Gabon set of two stamps was issued on October 17th and F.D.C.s were postmarked at the capital, Libreville. The stamps were printed (at the Atelier ou timbre de Paris) and were the work of designer, Jacques Dery.

Further news of the Egypt issue is that it was printed at the State Printing Works, Cairo and that the printing was 600,000 stamps in sheets of 50 perf. 11½.

The Libyan stamps were printed at Enschede in the Netherlands.

Check-list of German cancels for 1966:-

May 5th	- KONIGSDRF	Ringlager 1966
May 28th	- KOBLENZ	International Catholic Scout Leaders' Conf.
July 29th	- BUCKENHOFEN	BDP Bundeslager 1966
Aug. 1st	- FURSTENBERG	Franco-German Jamborette

The cancel here is most interesting in that it features the emblems of both the German and French organizations.

Aug. 1st	- FISCHBACH	France-German camp.
----------	-------------	---------------------

Another cancel with French and German emblems.

October 9th - MESCHEDE 2. Pfadfinder - Werbeschau.

Even more interesting in that the cancel features a Scout Stamp! The 10 Rp. val of the 1953 Liechtenstein Conference set is shown in fair representation.

Portugal has had two cancels in 1966. The 10th National Camp of the Escoteiros de Portugal at St. Antonio Caparica, and post-marked September 3rd. From the C.N.E. Scouts came the cancel for the Lo. Encontro National Dirigentes. At Fatima, the cancel was dated from August 14th.

Towards the end of the year, an expensive and unnecessary addition appeared on the scene - the Sheikdom of Qatar changed its currency from NAIE PAISE and RUPEES to DIRHAMS and RIYALS! Here was an opportunity not to be missed - and miss it they did not! Stocks of existing stamps were overprinted with the new currency in black on the perforated stamps - the imperf., - the imperf. min. sheet - and the perf. min. sheet! I have not yet seen any inverted overprints, but they'll appear sometime I'm sure! Neither have I seen any F.D.C.s yet but I expect they'll soon be postmarking some!!!

I shall endeavour to publish a complete list of 1966 cancels and illustrations in the next issue, provided that I get examples of them for cutting up to make the photoplates.

It will be seen that the promised auction has not materialised this issue, there not being sufficient material sent in to make it worthwhile. However, there will be coming up some interesting Mafeking stamps, some pre-war Czech items and a MT. EDGE CUMBE on complete cover which is being sold to raise funds for a Group's Building Fund.

With CHARLES SEATON giving up the Sales Bureau, there is a real need for someone to take over this valuable service to the Club. It means quite a bit of letter-writing and book-keeping but the service is world-wide and I know that CHARLIE enjoyed running the Bureau, and only his ill-health has caused him to have to give up.

I have recently attended several auctions in London at which Mafeking material has been on sale - and the prices continue to rise to unprecedented limits. Superb items are still in great demand, as are multiples and the elusive mint stamps.

I hear that the World Chief Guide, our dearly-respected Lady B-P, is to attend the SOSSI convention at the 12th World Jamboree and that the Founder's grandson, Michael Baden-Powell has become an Honorary Member of the Australian society.

CANCELLATIONS FROM SWEDISH SCOUT EVENTS 1966

BY JAN HENRIK BERGQVIST

June 13th-18th 1966, Rydsnäs, SMU-Scoutlägret (SMU)

The cancellation of this camp was used at Eksjö for mail collected from the mailbox at the SMU-Scoutcamp at Olstorp, Rydsnäs in the province of Östergötland. The camp insignia shows a lot of ropes joined in the middle - symbolic for the programme at that camp. The lettering in the cancellation is inspired from the runic stone alphabet. At the camp 419 Guides and Scouts and 118 Scouters took part. Approximately 2000 letters and cards were sent from camp but no registered mail is known to exist.

June 18th 1966, Fjärås, Koitjärve (SSF)

Also this year the Estonian Scouts and Guides being members of SSF, arranged a Scout Rally at their open-air centre at Koitjärve near Fjärås, province of Halland. There was one mailbox that was put up by the Post Office from Goteborg 1. The cancellation shows the Estonian Guide and Scout badge.

2275 items were mailed of which 1279 by Scouts taking part in the rally. No registered mail exists. The F.D.C.s received an attractive block of labels from the Tallin Scout Group.

July 19th-27th 1966, Bjuråker, Strömbacka, Scout 50 FA (FA)

A temporary post office from Hudiksvall P.O. 1 was responsible for the Strömbacka 50th Anniversary camp of the Salvation Army Scout Association. 6964 letters and cards received the special cancellation. Nothing known of registered letters. Strömbacka is situated in the province of Hälsingland.

August 8th-13th 1966, Sävsjöström, Indianlägret (SMU)

This was a SMU-Scoutcamp called Indianlägret (Indians' camp). The cancellation was used at the post station at Sävsjöström for mail collected from the mailbox at camp. Åseda P.O. was responsible for the mailbox. 2942 letters and cards were cancelled with this special cancellation, but only 827 sent by campers. Registered mail not known to exist.

A cancellation that has been sold as a 'Scout' Camp one, is the one which shows a reef knot (square knot for our friends across the Atlantic Ocean) and the following information is included for interest.

August 2nd - 11th, 1966, Habo, Munkaskog, MKU, rikslagret

Knopen

At this camp, youth of the Methodist Church Youth Association took part, which means that there were also Scouts participating. However, the camp is not to be regarded as a Scout-camp, although the Scouts are members through MKU in KFUK-KFUM Scout Association. District Commissioner Sven Faager (KFUK-KFUM and new member of SSCC) has got it confirmed by a leader of this camp that it was not a Scout-camp. This is said, since there have been discussions among some of us Swedish SSCC-members how this camp should be regarded.

(At all camps rubber-stamps have been in use, and are shown on page 169)

SCOUT STAMP PUBLICITY IN SWEDEN

In two Swedish magazines, "Scout Internationell" and "Ledarbladet Samspel" there have been excellent illustrated articles about Scout Stamp Collecting. The text and the fine photographs are the work of our very good friend JAN HENRIK BERGQVIST. In both articles the SSCC has been given prominence, and the continued publicity given to our hobby in Sweden is due in no small measure to JAN HENRIK's hard work. Just look at this month's 'New Members' list to see how practical his efforts have been. I also hear that JAN HENRIK has followed in the footsteps of NORMAN ROWE and has also designed a meter cancel, currently in use at Swedish Scout Headquarters in Stockholm. I note that the Swedish Postal Authorities have always provided special cancellations and staff at temporary post offices at camps etc. without any charge to the sponsors. From now on, charges will be made, and it is thought that only large events where postal services are genuinely needed will merit a special cancel. I would suggest that this is a change for the better, as the cancels of Sweden have been so prolific (as have been those of other European countries) that the international interest has been on the wane for some time now. However, the cancels of recent years are still very reasonable in price, and I have been sent a very good stock by HARALD THOURSIE to supply to our members. Send in your Wants List to me (or alternatively your list of what you have) and I will send out on approval.

..... JOHN D. ROAKE.

"TO PAY - OR NOT TO PAY"

BY BOB DOWNER

In the Journal for September, H.L. FEARS wrote of some of the things that happen behind the scenes of the P.L.D. and the Mint distributions.

Here now, are a few of the things of which Club Members are still unaware. I am writing now of the Mint Distribution list, (although the same thing probably applies to the P.L.D.)

HOWARD obtains the new issues when and where available, by using his own money. He then forwards the issue to ERIC STEELE and myself, for distribution to Club Members.

Of the members on my list, one sixth have credit accounts, (varying from two or three shillings to four or five pounds), one third will send in their remittances within a week of receiving an issue, one half will send in within four weeks, and the rest..??

When an issue costs two or three shillings only, to write a cheque or obtain a P.Q for such a small amount will make it costly, so why not write a cheque or get a P.O. for a larger amount, and have a credit account. (This will save you the cost of poundage or bank charges plus return postage on future issues).

I have some members on my list who wait until they owe for five or six issues, and then send a cheque or P.O. to cover the cost of the lot. This is all very well, but would it not be more Scoutlike to send the money in first, after all, it has only to be paid once, and Howard would get his money back at a reasonable early date.

Now a few facts and figures. Of the 90 members on my list, 22 people owe a total of £13.17.10, not a lot, you might say, but that is on my list only, consider what the grand total must be for the P.L.D. and M.D.

I don't want you all to think that this article is all "grumblin' and grousin'", because it's not, it's that this article is some of the facts and difficulties involved in the distribution of material to Club Members, and of what we all owe our Secretary General in more ways than one.

So as a parting word, play the game, and pay up as soon as, or before you receive your new issues.
